

Message from your ACHE Regent
Spring 2024

As the season of renewal blooms around us, I find myself reflecting on the vibrant experiences and valuable insights shared at the 2024 Congress on Healthcare Leadership in Chicago this past March. It was a wonderful gathering of healthcare leaders dedicated to driving innovation, fostering collaboration, and elevating the standard of care in our industry.

I was particularly impressed by the spirit of camaraderie and shared purpose that permeated the event. The exchange of ideas and experiences reminded me of the strength and resilience of healthcare professionals in Vermont, and the power we hold to effect positive change in the lives of those we serve.

Thank you to those who contributed to the success of the March event, including those who served as speakers and volunteers, as well as our newest Vermont ACHE Fellows who participated in the Convocation Ceremony. Your dedication and passion are truly commendable.

As we transition out of the spring season, I am excited about upcoming education opportunities offered through the ACHE of Northern New England. These programs are designed to empower healthcare leaders like us with the knowledge, skills, and networks needed to navigate today's complex healthcare landscape. Whether you're seeking to enhance your leadership capabilities, stay informed on emerging trends, or expand your professional network, there is something for everyone.

I encourage you to take advantage of these offerings and to continue your journey of professional growth and development. By investing in our own learning and development, we not only strengthen ourselves as leaders but also contribute to the collective advancement of our industry. Please visit our [NNE Chapter website](#) throughout the year for information and updates on upcoming Summer, Fall, and Winter events.

In closing, I want to express my gratitude to each of you for your dedication, passion, and unwavering commitment to excellence in healthcare leadership. Together, we are making a difference, and I am honored to be part of such an inspiring community.

Here's to a season filled with growth, opportunity, and endless possibilities!

All my best,

Kelly Watson, DNP, RN, FACHE
